

Colorado Association of Conservation Districts

In cooperation with our Federal Partners, NRCS, CACD is pleased to be able to continue to offer our matching grant option for District Education and Outreach Workshops!

This program will provide funding to assist districts with workshops that provide education and/or outreach at their local level to children and adults in the areas of natural resource conservation issues. These issues will be presented by the districts to CACD based on district desires and needs for workshop topics specific to their area for the purpose of education and outreach related to conservation.

The Details:

- ◆ Districts are eligible to apply for up to \$2,500
- ◆ ALL natural resource and conservation related topics are eligible
- ◆ Districts will need to fill out the application (with brief narrative and budget information included) and submit to CACD for approval
- ◆ Once approved and then completed, the District can submit a reimbursement for the project through CACD
- ◆ Match is 50/50 (Districts will need to match the amount of funds requested from CACD 100%)
- ◆ No District Admin or food related expenses are allowed (for both match and reimbursement)
- ◆ No District Admin allowed for reimbursement, but is allowed for match.
- ◆ ALL 76 Colorado Conservation Districts are eligible to apply (regardless of dues payment status)
